POETRY.

UNCLE THAD. STEVENS.

BY PRIVATE MILES O'REILLY.

Gnarled and tough from seventy winters,
A gritty, grisly, bitter "Rad.,"
Though our Union fall to splinters,
Here's to Pennsylvania Thad!

Brown his wig, but green his vigor,
Angry often, never sad,
Full of wit and prone to rigor,
Here's to Pennsylvania Thad!

Though lame his leg his mind is rapid,
And all the House is hushed and glad,
When to squelch some speaker vapid,
Rises Pennsylvania Thad.

He's in candor a believer,
All may know the thought he had;
For no mealy-mouthed deceiver
Is our Pennsylvania Thad.

Into epithets he rushes;
All are 'traitors' or are 'mad'—
All who dare to cross the wishes
Of our Pennsylvania Thad.

That, we like you; you are able—
And the biggest brick we have had
In our loud Congressional Babel
Is our Pennsylvania Thad.

Go it, my old shoulder-hitter!
Though we think your logic bad,
You're just as brilliant as you're bitter,
Here's to Pennsylvania Thad!

NASBY.

On receiving the intelligence that the Republicans in the Ohio Legislature had refused to strike out the word "White."

The joyus intelligence uv the glorious ackshen uv the Legislacher uv the now trooly great State uv Ohio, in votin down the proposishen strike to the word "white" out uv her Constooshn, reached us last nite at precisely 9 P. M. I am pertikeler ez to the eggsact date—the importance of the event justifies it. I need not skassly remark that the sed news sent a thrill uv satisfackshen, may, my exquisit joy through the Corners, a thrill skasely less exquisit than that experienced on the receet uv the news uv Johnson's 4th uv March speech, Anno Domini 1865. I shel be better understood, probably, ef I state that our thrill uv joy at this trooly unexpected triump uv the proud Caucchasun uv Ohio over the inferior sons uv ham, went jest ez far in the dreckshun uv ecstacy ez did our pangs uv woe on the heerin uv Vallandigham's defeet in 1863 in the dreckshen uv utter misery. In short, we thrill now percisely ez much ez we panged then.

Of course a meetin wuz called to rejoice over this unexpected deliverance uv our brethren uv Ohio from the uncondoorable disgrace uv nigger equality, uv wich I wuz at first made chairman; but this wuz reconsidered, ez, bein the only one in the Corners edjucated to the extent uv writin, I wuz forced to act ez sekretary, and Deekin Pogram wuz made chairman uv a *Democratic* Convenshun, but talent is necessary at the Secretary's table.

The Deekin on takin the chair remarked that this wuz the proudest moment uv his life, by all odds. Ohio he had given over to hardnis uv hart and reprobacy uv mind long ago. He had made up his mind sorrowfully, but certainly, to the fact that Ohio wuz Ablishen, and believed that the fanaties in charge uv that State, wood foller out their avowed principles to their legitimit endin; and, ez they hed declared the nigger a man, wood give him the rites uv a man. He hed bin happily disappointed—they hed paused in their mad career, and now hevin taken one step in the direcshun of dimocrisy, is ther not, he wanted to know, reason to hope that they will continyoo in well-doin until—he dared to hope it—they wood pull down the nigger from the pinnacle onto wich they hed placed him, and make him agin wat he reely ought to be, a servant unto his brethrin. He felt like soundin the loud timbrel o'er Egyp's dark sea. When he remembered that his niggers run away from him and enlisted in the Federal army, and that sich uv em ez wuzn't killed at Ft. Piller and Petersburg and Ft. Wagner and Port Hudson wher their cussed blood wuz spilt and that the same quantity uv pure white blood mite be saved, settled in Ohio, and that, notwithstanding all this, they meet there jist about the same treatment they wood hev experienced hed they stayed in Kentucky, his sole expandid and he cood only releeve himself by hollerin hallelooge! Its more than he hed hoped for. His cup wuz sloppin over with blessins, and ef he shood be taken hentz to-night he woodent complain.

Resoloosheng bein in order, I ris, ez is the regler thing here, and presented the follerin, to wit:

Whereas. The Democrisy uv Ohio, with a glorious company uv Ablishinists follerin uv em, hev, for the time at least, squelched the impious proposition to give the nigger, wich ain't fitted for it by edjucashen, the ballot, therefore be it.

Resolved, By the Dimocrisy uv the Confidrit X Roads wich is in the State uv Kentucky, that we send greetin to our brethren uv Ohio, and extend to em our hearty congratulations on the result, and earnestly hope that ere long the few remainin pints of diffrence between us and them may be softened down, and that we may yet live and love together.

Resolved. That after this manifestashen uv returnin reason, we are satisfied that there ain't sich a cussed cite of diffrence, after all, between a modrit Ohio Republican and a X Roads Democrat; not enuff to keep em from fraternizin on almost anythin.

Resolved, That ez Ohio hez very properly refoosed to give her niggers the ballot, how kin her Representatives in Congress insist on forcin us in Kentucky to do it? We ask this in thunder tones.

I hed sevral other resolooshens, but Bascom cut em short by movin the adopshed uv sich ez hed bin read, and the non-readin uv the balance, wich wuz vicifferously adopted. Bascom don't like Democratic meetins—they okkepy the attenshun uv his customers and thereby interfere with his biznis.

After the meetin adjournd, a trooly affectin scene transpired at his grocery. I announced to em my unalterable determinashen to charge my habitashen. I felt, I remarked, that Ohio offered a more profitable feeld for my labors, and that sence the Legislacher uv that State had spoken, I hed determined to lokate the Institute in Ohio, it bein, in my honest opinion, a better pint therefor. The Democrisy uv Ohio are, it is troo, in a minority, but how long will they be so? They are positive in their beleefs, while their enemies ain't, to any alarmin extent. The war—the danger wich threatened em—held em together, and after a fashion give em backbone, and for a time they conkered, but now—them bands bein broken—that stimulus being taken away—they are jist about as timid ez so many rabbits. They started on a principle wich they are afeerd uv—they are travelin a road they ain't got no love for, and are startin at the sadders uv the lions on either side; they are livin on but termilk when roast beef is jist ez easy to git.

Bascom objected. He coodent go nor I shoodent. He had an interest in the establishment uv the Institoot at this pint—he wantid the populashen uv the Corners increest, bein certin uv gittin the heft uv the inkum uv every man who shood settle there. He cood not deny that sence the event we wuz celebratin hed transpired, that the institoot wood do just ez well in Ohio ez in Kentucky, and perhaps better. He didn't like to assert his power but he begged the Professor to remember that he coodent leave without settlin at his bar for his six months sustenance, and that ther wuz a law in Kentucky giving creditors power over abscondin debtors. Would it be convenient for any one uv the Drecters or professors to settle their accounts. Ha! ha!

I saw the pint, and wuz forced to take the back track. I can't go. Is it not a burnin shame that a paltry bill, at the bar uv a paltry grosery, shood keep me from lokatin in a State where the Dimocrisy by sheer impudence kin bully a Ablishin majority uv sixty thousand into goin back onto their principles, and into acquiescence into their darlinst dogmas? Wood that some Linkin wood strike the chains uv debt from limbs, that I mite fly to other and fairer scenes.

TIME'S CHANGES: YESTERDAY A SLAVE, TO-DAY A CITIZEN.

In the olden time, according to veritable history, great changes were wrought by the wand of the fairy, or the caprice of the genii. Now Christianizing civilization works greater changes than genii or fairy ever dreamed of.

Yesterday, as the natton's flag floated in mocking pride from the dome of the Capitol, its folds covered the crouching form of the shackled slave. To-day the flag floats in just pride from the same dome, while beneath its stary folds their crouches no slave, but walking erect in the image of His God yesterday's slave is a MAN.

Yesterday the avenues of the nation's Capitol echoed the clanking of the bondman's chains as they were driven to the shambles. To-day those avenues proudly echo the tread of FREEMAN as they "go marching on" to the voting-place.

Yesterday, as the representative of the people wended his way to the Capitol he was shocked by the cries of scourged and chained slaves. To-day he is cheered by the gleesome shouts and wild huzzas of enfranchised men with ballots in their hands.

Yesterday the champions of bondage ruled Senate and House, contemptuously spitting upon the sacred right of petition, scornfully and brutally insulting and assaulting the advocate of freedom. To-day neither Senate or House give shelter to bondage or its friends, and the black ghost of slavery can find no refuge for its horrid form where in its life-time it was supreme.

Yesterday the world of slavery might have stood against the world. To-day it lies so low that none may do it reverence.

Yesterday black men had no rights which white men were bound to respect. To-day white men have no rights which black men cannot possess.

Yesterday the anctioneer's block was the only forum on which black men were allowed to appear. To-day the platform of the lyceum, the bar of the court, and the pulpit of the sanctuary show the world the black man's capacities.

Yesterday the chains of slavery bound the ballot. To-day the ballot of freedom breaks the chains of slavery.

Yesterday at the nation's Capitol was brought forth in iniquity the awful "Fugitive Slave Bill," with a presidential approval. To-day the Capitol purges itself of that perilous stuff by bringing forth in righteousness the glorious "Civil Rights Bill," in opposition to presidential vetoes.

It is fit and proper that freedom should show its first fruits in the District of Columbia by making voters of the men there in who were but yesterday slaves, chained in its shambles.

Fairy nor genii never made transformations like these. Yesterday a shackled slave of a thing. To-day an enfranchised citizen, man,

Civilization is coming brighly out of the darkness of the dead ages, and marching bravely onward and upward toward that great plain on which Christianity is to establish the brotherhood of man and the brotherhood of God.

SINCLAIR TOUSEY.

A NEGRO'S GRATITUDE.

I had in my regiment several men who were called "preachers" by the colored people, because they always took charge of their meetings, and exhorted a great deal. One of these was about fifty years old, with grey hair and wrinkled face, and somewhat enfeebled constitution, for he had been a hard-working, much abused man. He was very anxious to learn the alphabet, and was reading words of two and three letters; and one day as I sat by his side, going over the words with him, and pointing out to him the objects which they stood for, we came to the word written in large letters, "God."

"That is the name of the Being you preach about sometimes," said I.

He dropped his book, and held up his hands in surprise, and exclaimed, with deep emotion, "Is that the name of God? and that the way it looks when printed?"

"Yes," said I, "that is the name of your Heavenly Father;" and I picked up the book and found the place for him, but his eyes were full of tears, which he had to brush away before he could see the blessed name again.

"That is the Being," he continued, "about whom I have preached so many years, and O blessed day, God has permitted these old eyes to see to read His name."

Somehow this incident affected me deeply, and for some minutes we were both in silence and both in tears.

Thad. Stevens during his late sickness was greatly bored by callers, and a correspondent tells this story:

"It appears that among late visitors was the distinguished Robert Dale Owen, who asked and had permission to read a lengthy communication from the spirits of Clay, Webster and Stephen A. Douglas, on the subject of reconstruction. After the reading Stevens was asked what he thought of their views. 'Well,' said he, 'present my compliments to those great defuncts, and tell them for me that if they have nothing better to offer on that important subject I think that since they died they have not been in a progressive state. Especially present my compliments to Douglas, and tell him I think he is the d—— political humbug that was ever on the face of the earth.'"

The *World*, which did its worst to excite the riots of 1863, in which so many negroes of this city was murdered or maimed by members of the party it represents, devoted a whole page, one day last week, to a report of the condition of the of colored population of New York! The report, though prejudiced and inaccurate in many particulars, contains this striking confession, which must have caused some of the readers of the *World* to open their eyes in astonishment:

"As a race the negroes of New York, considered from a police point of view, are a better class of citizens than the lower grades of whites. As just remarked, a negro or negress is brought before the courts occasionally for theft; occasionally a black man is arraigned for outrage; and very rarely for drunkenness or murder. But, as a class, the negroes give the police comparatively little trouble. This is the almost universal testimony alike of patrolmen, sergents, captains, and superintendents; and we publish it as at least an approximation to the truth."

This, as everabody knows, is a flat contradiction of what has been constantly affirmed by the whole Democratic party for the last thirty-five years. But this is not all See how the *World* brands as false one of the cardinal doctrines of its party!

"As regards the popular notion of the odor of the negro, it may be positively stated that he, in this respect, is like the white—a clean negro being free from it, and a foul one cursed by it."

We always said that, if the negro were once made a voter, Democrats would cease to prate about his "odor;" but we did not expect that the *World* would so soon and flatly contradict the doctrine which has so long filled an important place in the Democratic creed and given point to so much Democratic wit. But time works great changes, and our cotempoary has probably come to the conclusion that it is wiser to seek the votes of negroes than to mob and murder them and burn their orphan asylums and dwellings. It finds great encouragement in the fact that "there are several negroes in the city who have for some years steadily voted the Democratic ticket, and that the great majority of negro voters in one ward voted against Fremont." From the "political remarks" of some of these black Democrats the *World* has learned enough to prove "that the Democratic party *under certain conditions*, can get, *if it sees best to do so*, draw to itself the negro vote of the country." It declares its opinion that "the number of dark Democrats can be indefinitely increased," and adds: "Stranger political combinations have been brought about in the whirligig of time that a union between the Conservative whites and blacks of the country."

Alas for the Democratic seers! Instead of "a war of races," bloody and horrible, we are to have a *ruse* of the Democratic party after the negro vote!

OHIO.—The refusal of the Republican legislature of Ohio to give the people of that state an opportunity to strike the word "white" from the constitution has awakened a strong feeling of indignation, not only in that state, but throughout the loyal North. In one Ohio paper we find the names of those Republican legislatures who voted with the Copperheads upon this question, surrounded by black lines and branded as cowards. None of those men were from the Western Reserve and only two from Northern (or Northwestern) Ohio. All the rest were from *the Kentucky counties*—the "Egypt" of the Buckeye State.

P. T. BARNUM ON BUYING VOTES—The idea that the intelligent reading men of New-England can be bought like sheep in the shambles, and that the sacred principles which have so far guided them in the terrible struggle between Liberty and Slavery, can now in this eventful hour of the national existence, be set up at auction and knocked down to the highest bidder, seems to me as preposterous as it is shameful and humiliating. But if it is possible that occasionally a degraded voter can thus be induced to "sell his birthright for a mess of pottage," God grant that I may be a thousand times defeated sooner than permit one grain of gold to be accursed by using it so basely!

I will not believe that American citizans can lend themselves to the contemptible meanness of sapping the very life-blood of our noble institutions by encouraging a fatal precedent, which ignores all principle, and would soon prevent any honest man, however distinguished for his intelligence and loyalty, from representing his District in our National Councils. None could then succeed except unprincipled vagabonds, who, by the lavish expenditure of money, would debauch and degrade the freemen whose votes they coveted.

No, Sir! Grateful as I am for the distinguished honor.

"My dear Sir, any party that can gain a temporary ascendency by such atrocions means not only poisons the body politic of a free and impartial government, but is also sure to bring swift destruction upon itself. And so it should be.

The stock of Foreigh Wool on hand January 1st 1867, was:

In New York----about 15,000,000 lb.
In Boston------- " 5,500,000 lb.

A late decision of the Secretary of the Treasury is to the effect that the new Tariff Bill does not apply to wools held at the different ports in bond at the time of its passage.

In the present unsettled state of the market it is impossible to give any reliable quotation for Domestic Fleeces based on actual transactions.

I quote sales, during the fortnight, of fleece wools at prices ranging from 49c. to 65c., including fine Indiana, at 55c.; New-York State, at 58; fine Ohio, at 62c.—small lots Michigan, at 55c. to 58c; X X Virginia, 68½c.; pulled wools, 40c. to 52c.; Texas, 22½c to 35c.; Mexican 22c. to 25c.

JOHN M. PENDLETON,
Wool Commission Merchant,
New York.

Our readers will perceive by the following extract, taken from the *Free Press* that our friend Blodget is a radical of the first water—a radical Democrat. He wants the clear, undiluted Democracy and nothing shorter. So say we none of your dish-water Johnsonisms.

Mr. Blodget, of Ypsilanti, followed with a few sharp and telling remarks which were received with enthusiastic applause by the convention. He hoped the day had gone by when the democratic party was afraid to proclaim its principles, or was in danger of being awed by popular clamor or executive power. He thought that if Judge Green was not the man to carry out the principles and spirit of the resolutions, he was not the proper candidate for this convennion He was opposed to this truckling, time-serving policy, and the old Jackson-Jeffersonian spirit must be received. He made some pungent ani madversions upon the remark of a delegate from St. Clair and concluded by saying that the old constitutional, law-loving and law-abiding spirit of the democratic party of the past is ours, and we should adhere to it. His remarks were frequently interrupted with vociferous applause.

The Election.

While the questions growing out of the war continue every election, State and local must be of absorbing interest. We cannot afford to vote wrong. To do so is to reincite Andrew Johnson to further usurpation and reanimate the rebellion to further defiance. A vote cast with the Democratic party of Michigan is a plaudit to Jefferson Davis and a laurel to Gen. Lee. There is not a rebel in the South who does not desire to see Michigan captured by the Democracy. A blow struck against the Democracy to-day is a blow against the rebellion. Our candidates are every way worthy. Let us, Fellow Citizens, gird on our time honored strength and win once more a quadruple victory, for Ypsilanti, Washtenaw County, Michigan and the nation.

We must leave no stone unturned until the party that opposed the war, and now receiving the sympathy of the rebel hordes, is annihilated. The Democratic record during the war is *too clearly written* to be forgotten. It is now no time to endorse and make treason respectable. The people of Michigan will not. Heaven help such young men like L. D. Norris who cling to the carcass of the defunct thing called "Democracy." They can see their political doom in the history of the Hartford Conventionists and in the late copperheads of the North.

CITY ELECTION.

As our paper goes to press Friday afternoon we cannot publish all our nominees. By a mistaken policy our City Convention was postponed. Organization secures a Republican victory. A single day gives no opportunity for organized effort. The true policy is always for a party to be strong in its principles, nominate its best men in season to give them a fair chance and then go confidently before the people. Cowardice always invites defeat. It is the experience of Republicans in other cities that early nominations are almost sure to win. A candidate that cannot successfully and with advantage to his party stand public scrutiny is unfit for a Republican nomination. But we must do the very best we can under the circumstances—work all the harder and elect our whole ticket. There is no earthly reason why we should not elect the Mayor, and in 1st 2d and 3d wards the Supervisor and Justice. In the 1st 2d 3d and 4th wards the Aldermen. If defeated in either of these wards it will be the fault of Republicans. A Republican who will cut his ticket and vote for an *out* and *out* Johnson Copperhead is unworthy the name. The Democracy have been hard at work for three months past to circumvent the Republican majority in this city. For *once* let us avert the scorn and laugh of the Democracy and stand up to a square fight, and elect our *whole* ticket. If an alderman or justice or any of their candidates are elected by Republican votes they will laugh in their sleeves at our greenness. If any Republican wants to repeat our disgrace of last year and vote the copperhead ticket, thereby defeating good and true Republicans, let him do it. But ever thereafter hang his head in shame and never be trusted by the party for any position whatever. A sensible man from a neighboring town recently said to us "The trouble with the Republicans in this city is in local matters they dont stick together as well as the Democrats." In this sense let us at *least once* in our history be Democrats and *stick* together. Do this and we shall make a clean sweep. Sham Democracy has ruled the city long enough.

WILL BE DISAPPOINTED.

As chairman of the Democratic Convention Mr. L. D. Norris made a happy hit. Called on for a speech he waived it from the fact that the Republicans were awating the use of the room and it would not do to disoblige them as he might depend on Republican votes to secure his election. We are confident that as against Judge Ninde these Republican votes will be minus.

CURRENT EVENTS.

The Democracy of Omaha are down on the negro. In Boston and Georgetown they sought his favor, but in Omaha, where he legally, according to the organic law attempts to vote he receives from the black-hearted Democracy outrages that ought to disgrace the purlieus of hell. The following on the morning of elections was stuck up in the various parts of the city:

"Notice to
" the Negroes of
" Omaha City
"The first Black Man that takes his Stand at the Polles to Vote he will get his head Skinned to the Bone from Enemy Wach out you g—d d—d puppy for that pate of yours."

The colored men going peaceably to the polls were met by Denocratic rioters and compelled to desist.

As was anticipated the President vetoed the supplementary to the reconstructtion Bill. It was passed over the veto; yeas, 40 nays 7. House 114 to 25. The speedy release of Jeff Davis on parole is anticipated. Browne Atemus ward willed $60,000 to build a printers' asylums' His good deeds will live after him. Gen Sheridan has removed Mayor Monroe, Herron, Attorny Gneral, and Abell Judge of first District Court in New Orleans. A good beginning.

LEGISLATURE.

Our Senator J. W. Childs and Representative J. S. Jeness are home again. They have been dilligent in their care of our home interests, done both themselves and their constituents credit. Sen. Childs is conceded to have been one of the ablest and most efficient men in the Senate. We are happy to announe that an appropriation of $20,000 for the benefit of the Normal School was carried. This increased appropriation is due to Sen. Childs in the Senate and Mr. Jenness in the House. The legislature after an 80 days session has adjourned. A large amount of work has been done. Some injurious legislation defeated. The governor's veto sustained was a capitol job for our State. The defeat of the Female College another good thing. It is well known that we were not partial to Gov. Crapo's renomination. But we have fallen deeply in love with the old gentleman. He is making the best and most popular governor Michigan ever had. We are not deeply smitten with the Co. Superintendent system, but it may prove a good thing.

Union School.

Our next issue will contain a full account of the literary exercises Friday evening. Also exhibition at Fowler's school house. We shall publish extra copies.

THE EXCELSIOR of ALL COOK STOVES

As the first of May approaches some will be considering [for the first time] housekeeping. Many more will be moving; and as this state of things will always exist, permit us to call attention to the Stove whose name heads this notice. Like the American Watch—perfect in all its parts—it is also truly economical. There is a degree of perfection arrived at in the making of this Stove which has never been attained in any other. Therefore, first of all, provide yourself with the best Cook Stove the market affords. Call and examine the American, and judge for yourself. Come and see it, even if you do not wish to purchase. Those who have an eye for the perfection of the mechanical art will be richly repaid, and those who buy will soon realize a pecuniary return in its economical consumption of fuel, aside from its most perfect convenience in Baking, Boiling and Broiling. THE
CENTRAL
PACIFIC R. R. COMP'NY
Having Completed, Equipped and put in operation nearly One Hundred Miles of their Road, from Sacramento, California, to within 12 Miles of the Summit of the Sierra Nevada Mountains, continue to offer for Sale, through us, their
First Mortgage Bonds,
issued in conformity with the Acts of Congress and the laws of the State of California, upon the division of their Road located in the State of California, and extending one hundred and fifty-six miles from Sacramento City to the California State line.
The Bonds have Thirty Years to run from July 1, 1865, and are secured by a
FIRST MORTGAGE,
Constituting an absolute prior lien on the portion of Road above named, with all the rights Franchises, Equipments, etc., pertaining thereto.
The amount of these First Mortgage Bonds to be issued per mile is limited by law to the amount of United States Bonds allowed and issued to aid the construction of the Road, and the Mortgage by which they are secured is declared by Act of Congress to constitute a lien prior and superior to that of the United States Government.
Interest at the rate of 6 per cent. per annum, payable Semi-annually, on the 1st days of January and July.
Principal and Interest payable in
United States Gold Coin,
in the City of New York.
The price of the Bonds is fixed for the present at 96 per cent., and accrued interest from January 1st in currency, the Company reserving the right to advance the price whenever it is their interest to do so.
The Road forms the Western part of the
MAIN TRUNK
OF THE
GREAT NATIONAL PACIFIC R. Road,
authorized, adopted and aided by
The United States Government.
It runs through the heart of the richest and most populous section of the State of California, connecting the
Extensive Mining Regions of Nevada, Utah and Idaho
with Sacramento and the Pacific Coast, from whence their supplies must be drawn; and the earnings of the portion already running are very heavy, "and largely in excess of the interest upon the Company's Bonds."
Having been for some time familiar with the operations of the Central Pacific Railroad Company, we are satisfied that they are conducted with rare ability and prudence and that the energetic and economical management of the Company's affairs entitles them to the confidence of Capitalists and of the public. We have carefully investigated the progress, resources and prospects of the Road, and have the fullest confidence in its success, and in the value and stability of the Company's securities. The attention of Trustees of Estates, Institutions, and individuals desiring a long, safe and remunerative investment, is especially invited to these First Mortgage Bonds.
Orders may be forwarded to us direct, or through the principal Banks and Bankers in all parts of the country.
Remittances may be made in drafts on New York, or in Legal Tender Notes, National Bank Notes, or other funds current in this city, and the Bonds will be forwarded to any address by Express, free of charge. Inquiries for further particulars, by mail or otherwise, will receive punctual attention.

REPUBLICANS.

The present election decides the politics of this city for years. A full Republican vote is a Republican victory. *Poll every vote.*

Vote the clean Republican ticket.

It ill becomes a Republican to stay away from the Caucus, and then go back on the nominations.

If you want to defeat your candidate, ridicule his nomination and predict his defeat.

Republicans, work ye like men and show the wiley foe of this city that we are not to be caught in any of their traps.

We trust no Republican in his senses will trade candidates or votes.

Let every Republican give the day to hard work and the victory is ours.

In close wards call out *every* vote. See that Robbins and Stuck have every Republican vote. In the 3d and 4th wards the Republicans are wide-awake and will do their full duty.

It will be a glorious triumph to redeem this city from the copperheads. Let us do it and have a jubilee Monday night.

Ward Nominations.

Aldermen—1st ward, *W. H.* Robbins, Republican; *C.* Joslin, Democrat.
2nd ward, Chas. Stuck, P. Stephens.
3rd do., Jas. A. Dwight, Robert Curtiss.
4th do., J. K. Heartt, S. A. Durand.
5th do., A. J. Leetch, J. E. Putney.

Vote

For Thomas Ninde. *He* is a safe man—possesses a good judicial mind, and will make a useful member of the Convention.

Vote

For J. W. Childs. *He* represents the Agricultural interests of this section. A sound Republican, and an experienced legislator, and an honest man; he can be relied upon to work for the general interests of the state.

Vote

For Darius Pierce. *He* is one of our best and most popular men—a member of the last Constitutional Convention.

Vote

For Dr. E. O. Haven. President Haven ought to receive the compliment of a unanimous vote.

Vote

For John Q. *A.* Sessions. Let us poll our last vote for Mr. Sessions. *He* will make an able Superintendent of Schools.—Young, enthusiastic and energetic, and well adapted to the position.

GEN. BURNSIDE.

We have a noble letter from Gen. Burnside addressed to the Normal Company in reference to their late reunion at Dr. Webbs, extolling highly the boys for their bravery and good conduct. It is now so late we forbear to publish it. The following is by one of the company.

The above is from one of the most whole-souled patriotic men the Union Army ever saw, and one of the ablest Generals though much abused by those much his inferior in everything that goes up to make up a true soldier and able General. The General was beloved by his men. None ever received heartier cheers than were given him as he rode among his troops and his uplifted hat showing his bald head in response was but the signal for repeated huzzas.

Little Rhody may congratulate herself on having him as her executive officer.

Household Friends.

Coe's Cough Balsam and Coe's Dyspepsia Cure.—they should always be in the house ready for immediate use; they are the most reliable remedies known. The one always handy and speedy in cases of sudden attacks of croup amongst the children, or for curing the most stubborn coughs and colds, is excellent for sore throat and all lung difficulties; the other—

Coe's Dyspepsia Cure—

is certain to cure dyspepsia, no matter of how long standing; indigestion, and all diseases that originate in a disordered state of the stomach and bowels.

Surprising.

It is actually surprising how soon our people have learned to prize that invaluable article known as Coe's Dyspepsia Cure. It certainly acts like magic, for it will cure the very worst cases of dyspepsia; and enable the patient who has lived for years upon Graham bread and the plainest food, to eat anything he chooses without fear of distress. It is considered the most valuable remedy known for all diseases of the stomach and bowels.

A Young Lady returning

to her country home, after a sojou of a few months in the City was hardly recognised by her friends. In place of a coarse rustic flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquire as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquistion to any Lady' toilet. By its use any Lady or Gentleman can improve thir personal appearance a hundred fold. It is simple in its combinations, as Nature herself, is simple yet unsurpassed in its efficacy in drawing impurites from, also healing, cleaning and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurites, kindly healing the same, and leaving the surface as Nature intended it should be, clear soft smooth and beautiful. Reparator Capilli.

Throw away your false frizzers, your switches, your wig,
Destructive of comfort, and not worth a fig;
Come aged, come youthful, come ugly and fair,
And rejoice in your own luxuriant hair.

REPARATOR CAPILLI.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Cappilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. SCHENCK, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. SCHENCK makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half-dozen. All letters for advice should be addressed to Dr. SCHENCK'S Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

Astrology. The World Astonished

At the wonderful revelations
Made by the great astrologist
MADAME H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends loss of money, &c. have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secresy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

CONSTITUTION

LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD

L

SCROFULA.

STRUMA, GLANDULAR SWELLINGS, ULCERATION, KING'S EVIL, ERYSIPELAS, SALT RHEUM.

This taint (HEREDITARY and ACQUIRED), filling life with untold misery, is by all usual remedies incurable.

RHEUMATISM.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of twenty or thirty years' standing have been cured.

I

NERVOUSNESS.

NERVOUS DEBILITY, SHATTERED NERVES, ST. VITUS' DANCE, LOSS OF POWER, CONFUSION OF THOUGHTS, EPILEPSY.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

MERCURIAL DISEASES.

SALIVATION, ROTTING OF BONES, BAD COMPLEXION, ACHES IN BONES, FEELING OF WEARINESS, DEPRESSION OF SPIRITS.

F

Constitution Life Syrup purges the system entirely from all the evil effects of **Mercury**, removing the Bad Breath, curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

eradicates, root and branch, all Eruptive Diseases of the skin, like

ULCERS, PIMPLES, BLOTCHES,

and all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

E

CONSTITUTION LIFE SYRUP

Cures all Swelling of the Glands,

either of the Face, Neck, or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking, and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

S

All scrofulous persons suffering from general Debility, Emaciation, Dyspepsia and Dropsy of the limbs, abdomen and in the female, Dropsy of the ovaries and womb, generally accompanied with Inflammation and Ulceration of the Uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort.

Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body, will be completely reduced without resorting to the knife, or operations of any kind.

Y

Epileptic Fits, Sympathetic or Organic Diseases of the Heart, as palpitation, Diseases of the Valves, producing a grating or filing sound, Dropsy of the Heart Case, and all the affections of this important organ (persons suffering from any acute pain in the region of the heart), will be greatly relieved by Constitution Life Syrup.

DR. SEELYE'S

Liquid Catarrh Remedy.

SYMPTOMS

The symptoms of Catarrh are at first very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitive to changes of temperature. In this condition the note may be dry, or a slight discharge thin and acrid, afterward thick and adhesive may ensue.

As the disease becomes chronic the discharges are increased in quantity and changed in quality: they are now thick and heavy and are hawked or coughed off. The secretions are offensive, causing bad breath; the voice thick and nasal, the sense of smell is lessened or destroyed; deafness frequently takes place.

Another common and important symptom of Catarrh is that the person is obliged to clear his throat in the morning of a slimy mucus; which has fallen from the head during the night

The above are but a few of the many catarrhal symptoms. Write to our Laboratory for our pamphlet describing fully all symptoms—It will be sent free to any address.

This remedy contains no mineral or poisonous ingredients but is prepared from vegetable extracts exclusively; therefore it is perfectly harmless, even to the most tender and delicate child.

AGRICULTURAL.

The Cental System.

The cental system now being introduced in trade is simply the measuring, computing, buying and selling of grain and other commodities by weight the cental being one hundred pound instead of by the bushal and its subdivesions as has been the custom from "the time wherof the memory of man runneth not to the contrary." As this system is now rapidly coming into use, and has the sanction of law, we give a rule by which buyers and sellers can make their own calculation. The standard weight of wheat per bushel is 60 lbs.; corn and rye, 56 lbs.; oats, 32 lbs.; barley, 48 lbs. The price per bushel been giving, to find the price per cental, multiply, the price per cental bushel by 100 and divide by the number of pounds in a bushel. For instance: at $1.50 per bushel for wheat what is price per cental? 150x100—15,000 × 60—$1.50, which is the price per cental. Again: the price per cental being given, to find the price per bushel multiply the price per cental by the number of pounds in a bushel and divide by 100. Example: at $2.50 per cental what is the price per bushel of 60 lbs? 250x60—15,000 × 100—$1.50, the price per bushel. Our readers will save much time while the new system is being familiarized if they will cut this article out and keep it in a handy place. The above rule is so simple and easy that people will soon become accustomed to the new method. Already the market reports of many of the cities are given by the cental system, and it will soon be universal.

Results of Moderation in Diet.

Dr. Lay: The following, which I have taken from old newspaper, may be of intrest to the readers of the HEALTH REFORMER.

A. C. BOUREEAU

"Health and longevity are not the only results of moderation in diet. Its influence is far from being limited to the body; its effect on the mind is still more impotant. Julius Cesar, constitutionally addicted to excess, when resolved on some great exploit was accustomed to diminish his diet to an extent truly marvelous, and to this diminution he ascribed the clearness and energy of mind which distinguished him in the hour of battle.

"When extraordinary mental vigor was desired by the first Napoleon, he used ths same means to attain it. To his rarely equaled moderation in diet Da. Franklin ascribed his clearness of ideas, and quickness of perception and considered his progress in study proportionate to the degree of temperance which he practiced.

Scarcely less rigid was the abstinence of Leibnitz, when preparing some parts of his Universal Language D'Aubigne relates of Luther on the authority of Melancthon, that 'a little bread and a single herring were often his only food for a day.—Indeed he was constitutionally abstemious, and even after he had found out that Heaven was not to be purchased by abstinence, he often contented himself with the poorest food, and would continue for a considerable time without eating or drinking.' Dr. Cheyne, celebrate physician, reduced himself from the enormous weight of 448 pounds to 140 pounds, by confining himself to a limited quantity of vegetables, milk and water, as his only food and drink. The result was a restoration of health and mental vigor—and. amid professional and literary labor, uninterrupted health and protracted life. An eminent man once made the remark that 'nobody ever repented having eaten too little."

DEATH OF A VETEAN HORSE.—One of the oldest horses in the State of Michigan, or perhaps in the United States, recently died at Galesburg Kalamazoo county. "Old Gorge," a deep bay stallion, known to all railroad employes from one end of the road to the other died at the age of 44 years at Galesburg.

ALWAYS GET THE BEST.—Especially in getting Saleratus—as the best cost but a trifle for a year's supply, and that the good cost but a trifle more than the poor. The best goes farther than the poor, and much more healthy. We can recommend the *Best Chemical Saleratus* to be the best.

REV. JAMES McFARLANE, Esopus, Ulster County, N. Y., writes—"I have no hesitation in certifying that Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum have restored the color and increased the growth of my hair, and I would cheerfully recommend them to those whose hair may either begin to fall in color or decrease in luxuriance." Sold by all druggists. Depot 198 Greenwich st N. Y.

SAFE.—It is safe to say that no better Saleratus can be made than D. B. De Land & Co.'s *Best Chemical.* Besides it is full weight, and that it is more than can be said of other Saleratus.

REV. WM. R. DOWNS, Howard, N. Y. writes—"Mrs. S. A. Allen's World's Hair Restorer and has been successful in restoring my hair, and the World's Hair Dressing has no equal. It cleanses the hair and scalp, removes harshness and dryness, and will produce the softness, silkiness, and natural gloss so requisite to the human hair. sold by all Druggists.
